

VERICANT UNIVERSITY INTERVIEW

PICTURE SECTION

0:00-3:00

The Vericant University Interview starts with the Picture Section. You are given a page with two random pictures and asked to describe one of them. The interviewer asks follow-up questions and you and the interviewer have a conversation based on the picture you see. You may be asked to compare the photos to your own experiences, or give suggestions about what you would change about the photo. It is up to the interviewer to engage you with the photos in front of you.

“Please choose one of the photos, and describe what you see.”

IN DEPTH

3:00-8:00

This section is intended to start a conversation about your past, giving you the chance to describe specific experiences from your life. We encourage you to share how you have approached situations in the past (as a way to understand how you might act in the future).

“Tell me about a time when you helped lead a group to complete a project?”

“Tell me about a time when you had trouble learning something complex.”

SPOTLIGHT

8:00-12:00

The Spotlight is an opportunity for you to demonstrate and highlight something about yourself that you feel is important to understand who you are as a person. In this section, you will have the chance to discuss anything from academics, your personal qualities, experiences, and more. This allows you to talk about various aspects of your life and experiences that you would like to share with your dream school.

“What do you believe is your best quality?”
